

# Slash 2WD Low-CG Chassis Conversion Kit

Available for the award-winning Slash, Traxxas now offers a complete Low Center-of-Gravity chassis conversion kit for 2WD Slash models. The Low-CG Conversion Kit lowers the chassis, battery, and electronic components to bring all the advantages of a low center of gravity to the 2WD short-course trucks including the Slash, Raptor, and Robby Gordon Edition Dakar Slash. No matter where you want to race, on the track or off, you will experience superior handling and better corner speed. The conversion kit includes all the parts and hardware required to convert one 2WD Slash to the Low-CG configuration.

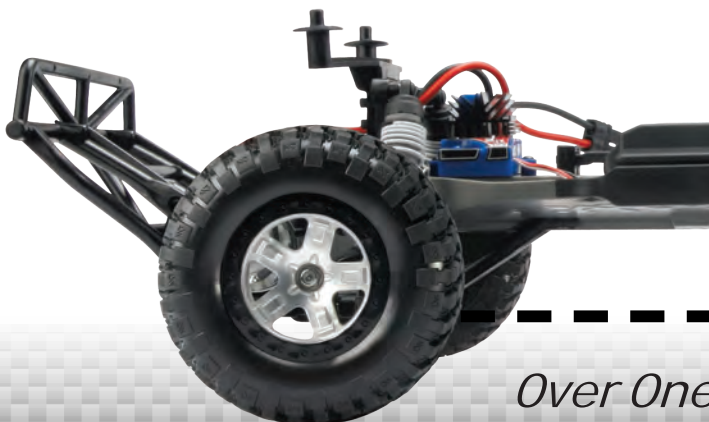

The complete Low-CG Conversion Kit (#5830) includes a blue low-CG chassis, black nerf bars and lower chassis, battery hold down, optimized low-CG front shock springs, and hardware. For personalized Slash low-CG chassis customization, the low-CG chassis, lower chassis, and nerf bars are available separately in three colors: black, blue, and grey.

## Features:

- Complete kit, no additional parts required
- Lowers chassis over one inch (33mm/1.3 in)
- Battery positioned 45% lower compared to standard chassis
- Low-CG enhances handling and increases cornering speed
- Genuine Traxxas quality and precision

## *Standard Chassis*

## *Low-CG Chassis*

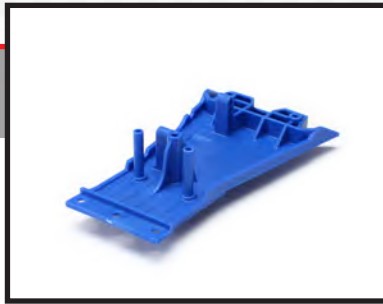

*Over One Inch Lower!*
